## **\*WARRIOR SURVIVAL: AT HOME & ON THE STREETS-TAKING OUT THE GARBAGE**

Date: September 18, 2015  
Location: Sioux Falls

Law enforcement can be one of the most challenging yet rewarding professions in our society. However, the challenges are growing daily. The men and women who are “called” to this vital profession are exposed to all the traumas our society has to offer and then expected to go home, merely shed the “garbage” at the end of the shift and peacefully co habitat and communicate with their spouses/significant others/families. In order to become successful and survive as “warriors”, they are forced to develop a persona that allows them to deal with daily insults, without taking them personally and can lead to low morale and complacency. They shut down emotionally and distance themselves from their families in order to protect them from the things they see on a daily basis and the “garbage” they are exposed to. This can lead to isolation and all too often suicide

**Justification for this Course:** The American Institute of Stress states that:

1. 75-90% (187 million visits annually) of all visits to primary care physicians are for stress related symptoms
2. Job stress costs to the United States Industry in excess of \$300 Billion Dollars annually in:
  - absenteeism
  - diminished productivity
  - employee turnover
  - direct medical costs
  - legal and insurance fees
  - worker’s comp claims
  - workplace violence

**COURSE OBJECTIVE:** To adopt a proactive approach to stress management through education, training, identification and discussion of common and unique stressors in the ever changing field of Law Enforcement and the ways in which the individual, the family, the organization and the public are affected. In doing so, there should be a reduction in the harmful side effects which include but are not limited to attrition, unnecessary sick leave, low morale, substance abuse, liability, divorce, suicide and other physical and financial manifestations which are debilitating to the individual, the family and the organization.

The Sioux Falls Police Department and South Dakota Lodge 1 of the Fraternal Order of Police will be hosting “Warrior Survival at Home and on the Streets” on September 18th, 2015. The training is from 0800-1630. Instructor Susan Simons will discuss the critical information to combat the deadly stress that destroys marriages, careers, and lives. Learn how to take control of this killer and live a healthier life by “TAKING OUT THE GARBAGE”. This course is free for law enforcement officers and their spouses thanks to funding from South Dakota Law Enforcement Training, Fraternal Order of Police Lodge #1, the Sioux Falls Police Department, and the South Dakota Sheriffs Association. This course is POST approved for ND and MN. Training will be held at the Fraternal Order of Police lodge located at 9700 East highway 42 just East of Sioux Falls. **For Registration or Questions contact Sgt. Josh Disburg at [jdisburg@siouxfalls.org](mailto:jdisburg@siouxfalls.org) or phone (605)978-6753.**

Date: May 16 – 18, 2016  
Location: Pierre

***CRIMINALaddiction Inc. CRIMINAL INTERDICTION and PATROLLING with SEARCH, SEIZURE and CONCEALMENT*** **Instructor: Greg Goltz:** Greg Goltz is a 24 year veteran trooper with a large Midwest state police agency. He is the instructor for his agency in Criminal Interdiction/Patrolling and has instructed Criminal Interdiction/Patrolling to thousands of law enforcement officers and their agencies from all over the United States. Greg is a veteran Police Service Dog handler, Firearms Instructor and Team Leader for SWAT. He also worked very successfully in undercover operations purchasing illegal drugs of all kinds. While working in the Uniform Division he has seized millions of dollars in United States currency and literally thousands of pounds of contraband all while making normal traffic stops that he turned into Criminal Interdiction arrests.

He created his own business known as **CRIMINALaddiction Inc.** and now travels all over the United States putting on seminars about these topics of: Interdiction, Search and Seizure, Concealment (advanced) and much more. He is a declared Expert witness in both the State and Federal court systems and actively testifies about this subject matter. He has received numerous awards for his Interdiction efforts and the training he provides, and currently has several “*record size*” seizures.

He also has made presentations about this subject matter to several Governors. Greg is also responsible for very important case law that better enables officers to do this work including the now important United States v. Morgan, Walker, Jones. He still works the road in the Uniform Division and still actively pursues these criminals during his everyday encounters. He also still works with other officers who have had tremendous success using these techniques. Join him, as he wants to spread his knowledge of catching “bad guys” and learn firsthand from individuals who are out there every day working the “ins and outs” of criminal interdiction.
